

PENINSULA

SIN RESOLUCIÓN. LP

Release Date
10.07.2026

Peninsula is an independent art rock band formed in 2011 and currently based in Monterrey, Mexico. Their music blends cinematic indie, ethereal wave, post-rock atmospheres, and experimental pop structures, creating an expressive sound shaped by contrast, texture, and emotional depth. Their work often explores themes of connection across distance — geographic, cultural, and personal — reflecting the band's roots in both Canada and Mexico.

Sin Resolución (*Without Resolution*) explores the space between tension and transformation. Written between Mexico and Canada, the album reflects on unresolved emotions, uncertainty, and the search for connection in a fragmented world. Through layered guitars, atmospheric arrangements, and heartfelt lyrics, the songs move between fragility and intensity, embracing ambiguity rather than easy answers. Created independently, *Sin Resolución* continues Peninsula's interest in sound as a meeting point between introspection, resistance, and possibility — where unfinished ideas remain open, alive, and evolving. This bilingual album was produced and recorded during multiple studio sessions from 2024-2026, including: Zac Records, Monterrey, Nuevo León, México (9&23.Nov.2024); Torruco's House, Guadalupe, Nuevo León, México (18.Apr.2025 through 14.Mar.2026); Some Other Planet Studio, Saltillo, Nuevo León, México (2&3.Nov.2025); Salon at Church / Bridge District Concert Hall, Welland, Ontario, Canada (29.Jun.2025).
